

University of California Fee Policy for Graduate Student *In Absentia* Registration

The Fee Policy for Graduate Student *In Absentia* Registration promotes continuous enrollment of graduate and professional degree students by providing an appropriate enrollment incentive. The policy recognizes that these students may need to perform work away from the University but seeks to minimize the number of students who allow their registration status to lapse.

All students pursuing doctoral or master's degrees in academic disciplines as well as those pursuing professional master's or doctoral degrees are eligible for the fee reduction. Students in self-supporting graduate programs are not covered by this policy.

Students must be enrolled full-time in regular University of California units to be eligible for the reduced *in absentia* fee. The Dean of Graduate Studies is responsible for determining the appropriate use of the *In Absentia* Registration.
