| Medicine            | M.D.        | Medicine | Be prepared to practice medicine and keep pace with new developments in the life sciences. The UCSD School of Medicine is uniquely positioned to provide a solid foundation for a successful career in primary care, subspecialty medicine, academia or private practice. We seek to train compassionate physicians and physician-scientists who are highly skilled practitioners, innovators and leaders. | Program Website | School of Medicine faculty  
In order to graduate, the faculty has determined that each student must:  
- pass all courses in the "School of Medicine" series (the pre-clinical core courses)  
- pass Step I of the United States Medical Licensing Examination  
- pass all clinical core courses  
- pass Step II of the United States Medical Licensing Examination  
- pass the Clinical Practice Examination  
- satisfy the elective and Independent Study Project requirements. |

(1) Formal learning outcomes?  
Yes

(6) Date of last Academic Senate Review:  
2010 by Liaison Committee on Medical Education (LCME)
