

BX/BR Child Dependent Health Premium Benefit Program

The University of California's Graduate Student Researchers (GSRs or BR) and Academic Student Employees (ASEs or BX) represented by the United Auto Workers (UAW) are eligible for a remission for their child dependents through a program established in the BX and BR collective bargaining agreements between UC and the UAW.

Program Overview

GSRs and ASEs employed in a qualifying appointment(s) are eligible to receive 100% premium remission for child dependents enrolled in UCSHIP if the GSR/ASE's income exceeds the designated Medi-Cal eligibility threshold as specified in the collective bargaining agreements.

If the GSR/ASE has a spouse, and the combination of their income places the GSR/ASE's family over the designated Medi-Cal eligibility threshold then the GSR/ASE is not eligible for the child dependent premium remission.

The benefits described in this document follow the parties' collective bargaining agreements (CBAs). The CBAs are the controlling documents, and this program overview is not meant to replace or contradict the language that is contained in the CBA or applicable University policy and is not a substitute for reviewing contract articles carefully. This program overview will be interpreted as consistent with the CBAs and, in the event of a conflict, the language of the CBAs or applicable policy will control.

3. The GSR/ASE's income exceeds the designated Medi-Cal eligibility threshold.
